## Welcome to the World Pool Championships! Congratulations on making it to Vegas!

We'll be awarding more than \$1 Million this week! In addition to the World Championships, we'll feature our Team Captains, Ladies 8-Ball, Jack & Jill, and Masters Championships, along with nearly round-the-clock MiniMania Tournaments.

We realize many of your friends and family who've supported you through this journey couldn't make the trip to Vegas. So, our website, [poolplayers.com](http://poolplayers.com), and our Facebook page, [facebook.com/poolplayers](https://facebook.com/poolplayers), will be dedicated to providing updated coverage of the event and live streaming of the finals matches to those back home! They can also interact with us on Instagram @poolplayers. In addition, they can follow your progress by downloading the CompuSport app or visiting [compusport.us](http://compusport.us).

Billiard pros "The Black Widow" Jeanette Lee, Florian "Venom" Kohler, Tom "Dr. Cue" Rossman and Lee Brett will be here this week performing exhibitions, taking on challengers and signing autographs for fans! You can find more information about their appearances in this program.

While the Tournament action may be intense, it's important to always practice good sportsmanship and show respect for your fellow competitors.

Win or lose, be sure to savor the experience of competing in the sport you love against players from all over the world. Remember, just by making it here to Vegas, you and your teammates are already champions!

On behalf of our entire APA staff, our network of League Operators, and our sponsors, we wish you the best of luck and hope you enjoy your experience in Las Vegas!

Best regards,

Renee Lyle

Everyone is welcome!

## ATTENTION:

### POOL TAKES PRIORITY OVER SMOKING

Nevada state law prohibits smoking anywhere except designated areas – there is a \$100 fine per offense. Holding up matches to take smoke breaks not only delays your match but all of the following matches. Matches will not be held up because teams/players are not in the arena due to taking smoke breaks.

Players caught taking their scoresheets outside of the Tournament Room, or delaying their match for such breaks, will **forfeit their match**.

Team Captains are responsible for their players during match times.

**The use of electronic cigarettes/vaporizers are not allowed in the tournament rooms.**

All times of scheduled events are approximate and subject to change.

Open  
to ALL  
Teams!

Enter at the Photo Booth (Ballroom Foyer)  
Thursday, Aug. 9 through Wednesday, Aug. 15.

Team souvenir photos and individual photos are available for purchase all week at the Photo Booth.

Entries will be posted to Facebook and [poolplayers.com](http://poolplayers.com) for voting Aug. 16-23. Winners will be announced on Monday, Aug. 27!

# TOURNAMENT DRESS CODE

The Tournament Director determines any dress code violations. Any person deemed by the Tournament Director to be in violation of the dress code will be asked to leave the Tournament room and return in proper attire prior to participating. No match will be delayed due to dress code violations. Do not take a chance on forfeiting a match due to a dress code violation.

You are competing in one of the most prestigious amateur Tournaments in the sport of pool. Please be aware that this event attracts local and national media attention. Radio and television media, as well as local newspaper and national sports magazine reporters, are becoming increasingly interested in the sport of pool and some of these people may only appear to be spectators in the crowd. Expect that you will be taped for televised segments of sports news, amateur Tournament videos, or you may be professionally photographed at any time during the event. Be prepared by dressing appropriately.

Please do your part to enhance the image of our sport by adhering to this dress code.

# MATCH TIME GUIDELINES

The APA has established guidelines to limit match play time in an effort to produce a tournament that adheres to a schedule that is productive and enjoyable for all participants. We have a full schedule of rounds that must be completed in a timely manner. We strive to offer the best environment and playing conditions for our participants, while fulfilling our obligations to the Tournament facility.

The guidelines we have set are more than adequate for tournament status play; in most cases actual match play will take less than the time allotted. Please be courteous; long matches are exhausting to all the players. We ask for good sportsmanship in keeping to the schedule. Your cooperation will help make this Tournament fun and exciting for everyone!

## TIME GUIDELINES FOR 8-BALL MATCHES

TOTAL GAMES MUST WIN	MATCH TIME	AVERAGE GAME
4 - 6	45 MINUTES	10 MINUTES
7 - 10	60 MINUTES	8 MINUTES

## TIME GUIDELINES FOR 9-BALL MATCHES

MATCH TIME
40-60 MINUTES

## TIME GUIDELINES FOR MASTERS MATCHES

RACE TO	MATCH TIME	AVERAGE GAME
7	60 MINUTES	8 MINUTES

## TIME GUIDELINES FOR DOUBLES MATCHES

TOTAL GAMES MUST WIN	MATCH TIME	AVERAGE GAME
4 - 6	45 MINUTES	10 MINUTES
7 - 8	60 MINUTES	8 MINUTES

**Example:** If a player with a Games Must Win of 5 is matched with a player with a Games Must Win of 3, the total for their handicaps is 8, and their match should not last any longer than 60 minutes.

## ADDITIONAL TIME GUIDELINES

EACH 8-BALL TEAM MATCH	4 HOURS
EACH 9-BALL TEAM MATCH	3 HOURS
EACH NEW PLAYER SELECTION	2 MINUTE LIMIT
EACH COACHING	1 MINUTE LIMIT
AVERAGE SHOT	20 SECONDS
SPECIAL SHOOTING SITUATION	45 SECONDS (MAXIMUM)

**Note:** The Tournament Director may impose Sudden Death in team competition for teams that are not adhering to the guidelines

# REQUESTING A REFEREE

Referees are not active participants in a match. This means Referees will not presume that a particular shot might result in a bad hit or any other condition that could produce a foul, and will not make calls or rulings, unless officially requested to do so. Referees are typically assigned to more than one table at any given time, but even in those cases when only one table is involved, the following procedures must be followed:

1. In most instances, a Referee will not enter the playing area unless the match has been temporarily halted by a TEAM CAPTAIN, COACH, or CURRENT MATCH PLAYER. You halt a match by calling a REFEREE TIME-OUT, which allows time for the Referee to get into position to view the upcoming shot. No coaching is allowed during this time. The Referee's decision is final. Do not simply look over at the Referee, or ask the Referee to watch the hit, expecting some action to be taken. You must first halt the match and request the Referee to make a call or ruling. Teams are not allowed to use the REFEREE TIME-OUT in an untimely manner, or in situations that are obviously non-essential. Teams that

abuse the use of the Referees are subject to loss of time-outs. Using a REFEREE TIME-OUT as a means to shark opponents will not be tolerated.

For example:

- a. You ask the Referee to "just watch what happens next".
- b. Your opponent is shooting at a loose ball and no potential foul is obvious.
- c. You wait until the last possible second to call the REFEREE TIME-OUT. If the player strokes the shot, the call automatically goes to the shooter.

Remember it is the responsibility of the TEAM, not the Referee, to be aware of potential infractions. Study the table situation and call a REFEREE TIME-OUT if you believe an infraction is likely to occur. The Referees are here to help you.

2. Contested plays are handled by calling a REFEREE TIME-OUT, and asking the Referee if he or she was watching the table at that time, and was in a good enough position to make a call or ruling. If yes, the Referee will make a binding call.

3. Situations involving potential rule violations are also handled by calling a REFEREE TIME-OUT. If necessary, the Championship Rules will be checked. The Floor Manager and/or Tournament Director may also be called in to render a decision.

4. Situations not requiring calls or rulings may be brought to the attention of the Referee by TEAM CAPTAINS ONLY. No other member of the team is allowed to ask for Referee assistance in these non-playing situations. If the request is reasonable, the Referee will monitor the situation and take appropriate action. If the problem cannot be solved to everyone's satisfaction, the match will be temporarily halted, the Floor Manager and/or Tournament Director will be called, and the parties involved will discuss the issue.

Please treat the Referees with courtesy and respect. These APA League members have volunteered for this duty in order to make your competition more enjoyable. Players or teams treating Referees in a disrespectful, demeaning or uncooperative manner are subject to disqualification by the Tournament Director.

# WORLD POOL CHAMPIONSHIPS RULES

## 1. PRACTICE TIME

Practice is not allowed on any Tournament table, except during specified periods, and only with the permission of the Tournament Director. You are encouraged to practice on tables designated for that purpose, and are asked to share the practice tables with any other contestants who wish to use them. If there is a wait for the practice tables, we ask that you limit your practice time to between 10 and 15 minutes. Designated practice tables are reserved for those contestants who have not yet been eliminated from the Tournament. Practice is not allowed on Tournament tables during play, even when Tournament tables are not in use.

## 2. NO GAMBLING

Gambling on pool is not permitted at any APA function, including this Tournament. Therefore, you are prohibited from gambling on pool at the Tournament site, even after the Tournament has ended or you have been eliminated from the Tournament. Any participant that gambles will face disqualification from the Tournament and/or forfeiture of all awards and prize money.

## 3. BEVERAGES

Hotel regulations prohibit coolers, glass beverage containers or outside beverages from being brought into the Tournament rooms or hotel ballrooms. Beverages are available for sale at the Tournament site.

## 4. FORFEIT TIME

Forfeits will be declared 15 minutes after a match has been called. If a team has registered for the Tournament, a Tournament Official will attempt to locate the team before a forfeit is declared. However, Tournament Officials are not obligated to contact the team before a forfeit is declared. It is the team's responsibility to be present for their matches when they are called. The Tournament Director determines when a match is officially forfeited.

## 5. SUDDEN DEATH

When the **Sudden Death** format is in effect, all other League rules apply to player selection. We ask all players to help keep to the schedule by being ready to play when their match is called, and by observing the **Match Time Guidelines**.

**8-BALL SUDDEN DEATH** - This format is implemented 3 hours and 45 minutes into an 8-Ball match. The rack must be struck in the fifth individual match by the *3-hours-and-45-minutes* mark, or all subsequent individual matches will begin with a rack worth two team points. If that two-point rack mathematically wins the team match, the team match will be over; if it does not win the team match, a second rack worth one team point will conclude that individual match. This procedure will continue in each subsequent individual match until a team mathematically wins or the overall match finishes in a tie: one two-point rack, followed by a one-point rack if necessary. Tie breakers will be decided by the team that won the most individual matches.

**NOTE: During 8-Ball Sudden Death, the individual match winner will be the player who wins the two-point rack.**

**9-BALL SUDDEN DEATH** - This format is implemented 3 hours into a 9-Ball match. The rack must be struck in the fifth individual match by the *3-hours* mark, or all subsequent individual matches will consist of all points earned being doubled. Each object ball pocketed will count as two points and the 9-ball will count as four points.

## 6. DECLARING PLAYERS

Once both teams in a match have declared a player, the players cannot be changed unless the player declared by one team puts that team in jeopardy of violating the 23-Rule.

## 7. COACHING

A time-out may be taken to coach the shooting player only once per game. If a coach suggests a time-out to the player, the time-out will be charged even if the player disagrees with the decision to take the time-out. However, if a player requests a time-out and the coach refuses to take the time-out, no time-out will be charged. Scorekeepers should mark all coaching time-outs on the scoresheet. When the player has ball-in-hand, coaches are allowed to place the cue ball during a coaching time-out. All rules regarding fouling the cue ball apply to a coach when they place the cue ball for a player.

**NOTE: When teams with a common player(s) meet during the Tournament, the common player(s) who choose to "sit-out" of the team match (per the Common Player Rule stated below) are not permitted to captain, coach, or provide a coach with advice. Ineligible players are also not permitted to captain, coach, or provide a coach with advice.**

## 8. OBLIGATION TO PRESENT AND CHECK IDENTIFICATION OF ALL PLAYERS

All participants must have a current valid photo ID in the form of a state-issued driver's license or non-driver identification card, a military ID, or a passport (collectively any of these forms of identification will be referred to in these rules as a "Photo ID"). Players must have their Photo ID with them at all times during the Tournament and should present their Photo ID to the opposing team's captain when put up in a match without having to be asked. It is the responsibility of every team to verify that all opposing players put up in a match have Photo IDs that positively identify them as being the individuals shown on the scoresheet. Do not assume a player is who they say they are. If an opposing player has not voluntarily presented their Photo ID to you for verification, it is the responsibility of your Team's Captain to request that the opposing player present their Photo ID and to be satisfied as to the opposing player's identity prior to the lag. If your captain is not satisfied with the identity of an opposing player, your captain must immediately call over a Tournament Official to examine the identity of the questioned player. If the Tournament Official cannot readily verify the player's identity from the Photo ID, they may consult the Tournament Director. The determination of the Tournament Director regarding the identity of the player, is made in the Tournament Director's sole discretion and judgment, and is final. If your captain fails to verify the identity of each opposing player put up in a match and an opposing player turns out to be an imposter or to not have a valid Photo ID, your team may be bound by the results of the match and your team may not be granted any relief or remedy, in the Tournament Director's sole judgment and discretion. If a player is put up to play and does not have their Photo ID, the individual match will be forfeited to the opponent without right of protest or appeal, regardless of the reason the player does not have a Photo ID, and the player will not be eligible to play later in that team match. It is no excuse that a player's Photo ID was lost, left somewhere, or that the player needs to go get it. Any team intentionally or unintentionally, knowingly or unknowingly playing an

imposter, a player who cannot verify their identity, or a player who enters or participates in the Tournament under fraudulent circumstances, is subject to immediate disqualification from the Tournament. All the members of any disqualified team will all be subject to an indefinite suspension from further participation in the APA, in APA's sole judgment and discretion.

## 9. SCOREKEEPING

Scoresheets, with innings recorded and Defensive Shots marked, must be kept by either one member of both teams, or by an official scorekeeper. Failure to mark Defensive Shots may be grounds for the APA Handicap Review Committee to raise the skill levels of some or all of the players on that team. Scoresheets must be signed and turned in to the Control Table to receive credit for match wins. A Team Captain's refusal to sign a scoresheet does not affect any match protest. It is the responsibility of the winning team to make sure the Control Table receives both scoresheets.

**8-BALL ONLY** – Each match ends when one team mathematically wins the team match. A team mathematically wins their team match when the opposing team can no longer earn enough points to tie or win the match. Once one team mathematically wins a match, all play between the two teams must cease. The teams should write "NF" ("Not Finished") on the scoresheet. You must mark **Early 8s** (E8), **8-ball Scratch** (8S), **8 Wrong Pocket** (8WP), **8-on-the-Break** (8OB), and **Break-and-Runs** (BR) on your scoresheets. Patches for **8-on-the-Break** and **Break-and-Runs** are awarded. Patches must be claimed by your Team Captain at the Control Table when the scoresheets are turned in for processing.

**9-BALL ONLY** – Each match ends when one team reaches 51 points. Once one team reaches 51 points, all play between the two teams must cease. The teams should write "NF" ("Not Finished") on the scoresheet. You must also mark all balls pocketed, dead balls, **9-on-the-Snap** (9OS) and **Break-and-Runs** (BR). Patches for **9-on-the-Snap** and **Break-and-Run** are awarded. Patches must be claimed by the Team Captain at the Control Table when the scoresheets are turned in for processing.

**NOTE: Any player or team caught fraudulently keeping score – by adding innings, altering scoresheets in any way, or marking scoresheets in a way that does not reflect the play that occurred on the table – is subject to disqualification.**

## 10. DRESS CODE

Proper attire must be worn at all times in and around the Tournament site. Refer to the **Tournament Dress Code** in the Event Program for information on what is considered proper attire. The Tournament Director shall determine whether a player's attire is proper, and is responsible for requiring players whose attire is not proper to change. If the Tournament Director requires you to change your attire, compliance with the Tournament Director's direction is not a just cause for delaying the progress of a team match. The dress code will be enforced.

## 11. NO EARPHONES

You are not permitted to wear earphones of any type during Tournament play. This includes ear buds, headphones, headsets, Bluetooth devices, etc. Hearing aids and non-electronic earplugs are allowed.

## 12. CELL PHONE AND SMARTWATCH USE

Cell phone and smartwatch use is prohibited while a player is taking their turn at the table and during coaching time-outs.

## 13. NO SMOKING

Due to Nevada state law, smoking is not permitted within the Tournament room. The use of electronic cigarettes/vaporizers is also not allowed in the Tournament room.

## 14. GAME RULES

APA game rules apply. The game rules are covered in the Official Team Manual and The Official APA/CPA 8-Ball & 9-Ball Game Rules Booklet. You should ensure that you are familiar with these rules. Further, these Championship Rules and the Rules for Participation also apply at this Tournament. Any and all Local Bylaw(s) applicable to your Local League, or interpretation(s) of the APA game rules made by your Local League Management, which are not in full accord with the Championship Rules established by the APA do not apply at this event. It is your responsibility to know what is a Championship Rule and what is a Local Bylaw. In addition, you are obligated to review the APA World Pool Championships Certification Statement (the "Certification Statement") prior to registering for the Tournament.

## 15. MALE SKILL LEVELS

Men will participate at a minimum skill level 2 during the 9-Ball World Championship and a minimum skill level 3 during the 8-Ball World Championship.

## 16. CALLING FOULS

You are encouraged to be familiar with the portions of the Official Team Manual that apply to the format you are playing in this Tournament, including, but not limited to, what constitutes a foul in that format. Only the player or the Team Captain may officially call a foul, although anyone may suggest to the player or the Team Captain that a foul should be called. Each player and Team Captain is advised not to touch the cue ball until they are certain that the shooting player has ball-in-hand. If you do not confirm ball-in-hand with your opponent, or with Tournament Officials, and there is a difference of opinion, then you run the risk of fouling the cue ball unintentionally.

## 17. CUE BALL FOULS

As a reminder, do not touch the cue ball while it is still rolling. Doing so may result in a foul.

## 18. CLOSE SHOTS

If a shot looks like it may result in a "bad hit," stop the game and get a Tournament Official to observe the shot and make the call. Either player may stop the game to ask for a call. The decision of the Tournament Official is final. If a shot is close and a Tournament Official is not called, the ruling will most likely be in the shooter's favor.

## 19. MARKING THE POCKET (8-BALL ONLY)

A coaster, pocket marker, or any other reasonable marker must be placed next to the pocket the 8-ball is intended to enter. It is recommended that you do not use chalk as a pocket marker, as it can create confusion, but the use of chalk as a pocket marker is not prohibited. If a player pockets the 8-ball without marking the intended pocket, and the opponent calls loss of game, it will result in a loss of game. Both players may use the same marker. Only one marker should be on the table at any time. However, even if more than one marker is on the table, as long as you clearly mark the pocket where you intend to pocket the 8-ball you will be deemed to have properly marked the pocket. If the marker is already at the intended pocket from a previous attempt or game, it is not necessary for the shooter to touch it, pick it up, or

reposition it. Anyone may remind a player to place the marker and it will not be considered coaching or a foul.

**NOTE: Making contact with a marker is not a foul. If a pocket marker is placed on the rail and accidentally interferes with the shot (either in a positive or negative way), the shot stands.**

## 20. THE 23-RULE

The 23-Rule will be enforced during this Tournament. No team may play five players whose combined skill levels (SL) exceed 23.

Further, no team may put up a combination of players that makes it impossible for the team to comply with the 23-Rule. Doing so is a violation of the 23-Rule. If a team violates the 23-Rule their opponent will be declared the winner of the team match. The team match will be decided at the point where it becomes impossible for the violating team to comply with the 23-Rule. For example, presume that Team A is playing Team B in an 8-Ball match. The skill levels of the players on Team A's roster are as follows 7-6-6-2-3-3-4-4. If Team A throws their SL7 in the first individual match, a SL6 in the second individual match, and the other SL6 in the third individual match, it will violate the 23-Rule since the combined skill levels of the five players it throws will exceed 23 no matter which two players it throws in the last two matches. Therefore, at the point that the first rack is struck in the third individual match, Team B becomes the winner of the team match. However teams should remember, as stated in Rule 6, a team can withdraw a declared player, prior to the rack being struck, if declaring the player will cause the team to violate the 23-Rule.

It is your team's responsibility to ensure that your opponents comply with the 23-Rule. If the opposing team violates the 23-Rule, but wins the team match, and the 23-Rule violation is not noted on the scoresheet when the scoresheet is submitted to the Control Table, the opposing team will be declared the winner, and your team will be deemed to have waived the 23-Rule violation.

In addition, in order to avoid being required to forfeit individual matches, a team must be able to show that it can put up five players whose combined skill levels do not exceed 23. If, prior to the start of a team match, the combined skill levels of the five lowest skilled players on the team's roster exceed 23, if possible the team must play four players whose skill levels do not exceed 19 and forfeit the fifth match. If prior to the start of a team match, the combined skill levels of the four lowest skilled players on the roster exceed 19, the team must play three players whose skill levels do not exceed 15 and forfeit the fourth and fifth matches.

## 21. FORFEITING MATCHES

Individual matches may be forfeited at any time during a team match. If an individual match is forfeited **after** the rack has been broken in that match, the skill level of both players in the match will count towards the 23-Rule. If an individual match is forfeited **before** the rack has been broken in that match, the player on the team receiving the forfeit remains eligible to play again as the forfeit does not count as a match played. However, regardless of the forfeit, at the end of the team match both teams must be able to show that they could have put up five players whose combined skill levels did not exceed 23 had all five individual matches been played. For example, in a situation where the opposing team puts up a SL7, you cannot make the SL7 unavailable to that team by putting up an unavailable player with the intention of forfeiting the individual match. In that case, the opposing team would

regain the use of their SL7 as long as they are able to show that they could remain within the 23-Rule had all five individual matches been played.

**NOTE: During this Tournament, individual forfeits will be worth three points (instead of two) for 8-Ball and 20 points (instead of 15) for 9-Ball. The team of any player that forfeits an individual match will not be awarded any points for that individual match, even if the forfeiting player forfeits after earning points in that individual match. Forfeited matches should be marked with a (F) on the scoresheet.**

## 22. INELIGIBLE PLAYERS

Ineligible players are those players who, for whatever reason, are not eligible to play in any match during this tournament. Ineligible players will be removed from all Higher Level Tournament rosters and their skill levels cannot be used for the purposes of determining whether a team can comply with the 23-Rule. Ineligible players are not allowed to coach a shooting player or advise a coach.

## 23. LIMITED NUMBER OF SENIOR SKILL LEVEL PLAYERS

**9-BALL ONLY** – Teams may not field more than two Senior Skill Level players in a match. Senior Skill Level players are those who have a skill level of 6 or higher. A violation of this rule officially occurs when the third Senior Skill Level player strikes the first rack in their match. The ineligible player forfeits the match and the teams go on to the next match. The skill levels of both the ineligible player, and their opponent, will count towards the Team Skill Level Limit for that team match.

**NOTE: If a declared player will cause a team to violate the Limited Senior Skill Level rule that team is allowed to declare a different player prior to the rack being struck.**

## 24. COMMON PLAYERS

Any player that is on the roster of more than one team is considered a "common player." During the World Pool Championships a team may have up to two players that are common with another team in the same format and a player may be common on up to two teams in each format. This means a player may qualify on up to two 8-Ball teams and two 9-Ball teams. If a player qualifies on more than two teams in any format, the player must choose which two team rosters they will be on.

**NOTE: Matches will not be held up for players who are participating on multiple teams. A common player is prohibited from participating in two matches simultaneously.**

If a common player's two teams are scheduled to play against one another during this Tournament, the common player has two options: 1) the common player can choose to "sit out" the team match; or 2) the common player can "declare a team" prior to the start of the team match. If the common player chooses the first option, they will not be allowed to play, captain, or coach, and neither team will be allowed to factor in their skill level for the purpose of determining whether the team can comply with the 23-Rule. However, the common player can advance with both teams, if neither is eliminated or with the winning team if the losing team is eliminated as a result of losing the team match. If, after choosing to sit out the team match, the common player engages in the coaching of another player, or gives advice to someone who is coaching a player, the common player will be deemed to have declared the team that the coached player plays for and treated as if the common players had chosen the second option, and declared that team at the beginning of the match.

If the common player chooses the second option (or chooses the first option, but then coaches a player, or advises someone who coaches a player) the common player will be deemed to have "declared a team" and thus chosen to: 1) remain on one team's roster for the remainder of the Tournament; and 2) be removed from the other team's roster. The common player will be marked as ineligible on the roster of the team they did not choose for the remainder of the Tournament, regardless of which team wins the team match between the common player's two teams.

## 25. TIE BREAKERS

**8-BALL ONLY** – In the event an 8-Ball team match is tied, the team that won the most individual matches will be declared the winner of the team match.

If an 8-Ball team match is tied after four matches and neither team can field a fifth player, the team that first won two individual matches will be declared the winner. When Sudden Death is in effect, the player that wins the two-point rack in a Sudden Death match is declared the winner of that particular individual match.

**9-BALL ONLY** – In the event a 9-Ball team match ends 50-50, the team that won the most individual matches will be declared the winner of the team match.

If the 9-Ball team match is tied 40-40 after four matches and neither team can field a fifth player, the team that first won two individual matches will be declared the winner.

## 26. EXCESSIVE SKILL LEVEL MOVEMENT

If Higher Level Tournament play is to be truly meaningful and rewarding, then those who play below their true ability must be penalized. Any evidence of a player playing at a skill level below their true ability should be reported immediately to a Tournament Official at the Control Table. You and your team must certify that your skill level, as shown on the scoresheet of each match you play, is your Highest Skill Level as that term is defined in the Certification Statement. Likewise, you and your team must certify that the skill levels of each of your teammates, as shown on the scoresheet of each match your team plays, is the Highest Skill Level of each of those individuals.

## 27. PROTESTS

All protests must be made by your Team Captain to the Tournament Director, and must be made in a sportsmanlike manner. There is a \$50.00 filing fee for any protest, which is refundable if the filing team wins the protest. Any team whose players disrupt the Tournament, cause a scene, or cause other problems at or around the Tournament site will lose the right to protest. The Tournament Director will resolve all issues on the spot. APA, as Tournament Director, is the highest authority. Any rulings made by APA are final.

## 28. RULES OF CONDUCT

APA has established, and will strictly enforce, the following conduct rules for this Tournament and all Higher Level Tournament play:

- No loud, abusive or profane language will be tolerated. You are an APA member to have a good time and to enjoy some friendly competition. If you experience a problem, one of the Tournament Officials will address it. Simply bring the matter to their attention. Remember that nearly every ruling will be seen as favoring one side or the other. Each team and player is required to accept official rulings without causing a scene.
- Unsportsmanlike conduct directed toward an opposing player, team or a Tournament Official will not be tolerated.
- Anyone involved in an incident that involves either physical abuse, violence, or the throwing of an item

will be disqualified immediately, and immediately banned from the Tournament site.

- Anyone caught hitting a cue against a table, wall, floor, etc., or recklessly swinging a cue will be disqualified immediately and be banned from the Tournament site.
- Abusive behavior directed to the Tournament Director or any of their designees, including Tournament Officials, will not be tolerated.
- Excessive slow play will not be tolerated. If your excessive slow play becomes a problem you will be entitled to one warning before any penalty is issued.

The penalties for violating any of the Rules of Conduct detailed above are as follows:

**Except for incidents of slow play, a warning may or may not be given, and the Tournament Director can issue any of the four penalties below, regardless of whether any penalty has been previously issued, depending upon the severity of the situation.**

- Penalty Level 1 – Your opponent will be given ball-in-hand. If your opponent is still shooting, or already has ball-in-hand, then that player will be allowed to shoot until missing, and then be given ball-in-hand again.
- Penalty Level 2 – Your opponent will be granted the game. (In 9-Ball, your opponent will be granted the game, along with points for all balls remaining on the table.)
- Penalty Level 3 – Your opponents will be granted the match.
- Penalty Level 4 – You will be ejected and/or disqualified.

**NOTE: If the violation or disturbance that caused a prior penalty to be levied does not cease, the Tournament Director or their designated assistant has the right to go from one penalty level to the next penalty level immediately.**

## 29. WARNINGS

If a warning is given in an individual match, that warning will follow the team throughout the remainder of the Tournament. For example, if a player is warned for sharking his opponent, and in a subsequent match a player from that same team is warned for sharking their opponent, the result will be ball-in-hand for the opponent. Such warnings will be noted by a Tournament Official on the scoresheets.

## 30. SPORTSMANSHIP

The primary objective of APA has always been to provide players of all abilities with the opportunity to enjoy friendly competition. It is expected that every player hopes to do well, and that all players and teams will do their best to win. However, each player and team is also expected to accept defeat in a sportsmanlike manner.

Two common examples of bad sportsmanship are: conceding an unfinished game and breaking down a cue during play. Both forms of conduct are frowned upon by professionals, and have no place in amateur play. All players are asked to allow opponents to finish the game before racking the balls or breaking down cues. No penalty will be assessed unless, in the determination of the Tournament Director, such sportsmanship violations by a team are excessive.

Fouls can also cause sportsmanship issues to arise. A foul is a foul and should be observed as such regardless of whether the player believes that they will get caught failing to disclose a foul. A professional player will call a foul on himself; likewise, good sportsmanship dictates that amateur players acknowledge when they commit a foul. However, it is technically the responsibility of a player, and their Team Captain, to protect the outcome of the player's match. Therefore, all players are advised

to pay attention to their games and to be aware of when their opponent commits a foul.

A **Sportsmanship Award** will be given at the end of this Tournament. You may nominate players or teams for this award by submitting a completed Sportsmanship Award Nomination form to the Control Table. Nomination forms can be found in the Event Program or obtained from the Control Table.

## 31. EQUIPMENT REGULATIONS

Laser devices, mechanical cues and training/practice aids may not be used in League play. Some specialty cues may be allowed on a limited basis. Special equipment, such as bridges and cue extenders, are legal. Players are expected to use equipment consistent with its intended purpose. Additional equipment guidelines applicable during APA League play are set forth below:

**Jump Cues** – Are not allowed.

**Break Cues** – Sometimes combined with jump cues to form a jump-break cue, these cues are allowed in Tournament play for breaking. They may only be used to perform jump shots or massé shots in Masters Championship.

**Regular Shooting Cues** – These cues may be used to perform jump shots, massé shots and break shots in all APA League and Tournament play. You may not "break down" your Regular Shooting Cue to perform a jump shot.

**NOTE 1: Using a regular shooting cue to break does not qualify it as a "break cue".**

**NOTE 2: Wheelchair players and players who are limited in their height are allowed to use a junior cue or "shortie" as a regular shooting cue.**

You may change cues and/or cue shafts during a game provided the cues and/or shafts you are switching to do not violate any rules of use, and you remain within the time guidelines. Any equipment bearing any message or image that is sexually explicit or political in nature, or may be offensive due to the use of profanity or the promotion of violence, alcoholism or substance abuse, shall be prohibited from use in this Tournament. The Tournament Director shall have the right to inspect a player's cue(s) at any time during the Tournament without prior notice to the player, and if the cue(s) are found to be in violation of this rule, the player shall immediately cease using the objectionable cue during Tournament play, or face immediate disqualification and forfeiture of all prize money earned and/or entry fee paid.

## 32. DISQUALIFICATION

The Tournament Director has the authority to disqualify any player or team from this Tournament and may exercise that authority in their sole judgment and discretion at any time - prior to, during, or after the Tournament. The following may constitute grounds for disqualification: (a) excessive skill level movement, (b) irregularities or falsification of any Tournament scoresheet or documents provided to the Tournament Director by your League Operator relating to your qualification for this Tournament, (c) fraudulent actions or omissions of any nature, (d) sportsmanship violations or conduct deemed to discredit or affect the integrity of the Tournament, APA or the sport; or (e) any other behavior deemed deserving of disqualification by the Tournament Director. The members of any disqualified team will be deemed to have forfeited all titles, awards, and prize money they would have otherwise been entitled to. Each member of a disqualified team is subject to a minimum two year suspension of their APA membership.

- Players may only be on the roster of one team per Showdown Series Championship Event. Every member of the team's roster must be from the same League Area.
- Roster changes will not be accepted at the Tournament site in Las Vegas.
- There is an enforced casual dress code described in the Event Program. Any player that the Tournament Director considers inappropriately dressed will be asked to change.
- Matches will not be postponed due to a player's participation in multiple events. Once a match has started, play must be continuous between shooters.
- In order to conduct a fair and equitable Tournament for all participants, APA must ensure that all participants are playing at their Highest Skill Level, as that term is defined in the Certification Statement. Accordingly, APA may disqualify any team if one or more of its players are deemed by APA to be playing at a skill level below their Highest Skill Level. The determination of whether a player is playing at their Highest Skill Level is necessarily subjective; APA is the sole judge of a player's ability and may make such a determination in its absolute judgment and discretion. This Rule applies to all Championship Events except Masters Championship.
- Any player entering the Tournament under fraudulent or false pretenses or participating in the Tournament under fraudulent or false pretenses will be disqualified. Players may also be disqualified for excessive skill level movement, irregularities or falsification of any scoresheet or Certification Statement, or for sportsmanship violations affecting the integrity of the Tournament, APA or the sport.
- APA has the absolute and final authority to make all rulings relating to, or having an effect on, the Tournament and APA members' participation in the Tournament, including, but not limited to, rulings regarding player ability, skill level assignment, adjustments of a player's skill levels and disqualifications. If a player is disqualified from this Tournament for any reason, that player will forfeit all titles, awards, and prize money they would otherwise be entitled to, and receive a minimum two-year suspension of their membership in APA. Disqualification can occur prior to, during, or after the Tournament.
- APA reserves the authority, at its sole discretion, to make modifications to the rules, format or any other aspect of the Tournament.
- If this Tournament is cancelled for any reason, you understand that your only remedy is a refund of your entry fee.
- There will be no refunds issued to no-shows or to entrants who are disqualified.

## Ladies Championship Supplemental Rules

(In addition to the applicable World Pool Championships Rules and the Showdown Series General Rules For Participation)

- The Tournament Entry Fee is \$200 per team. There is a green fee of \$40 per team.
- It is the responsibility of every player to verify that each opponent has a qualifying Photo ID that positively identifies that player as being the person shown on the scoresheet and that identifies the player's gender as female.
- A "Games Must Win" chart provided at the Tournament, and a 3 point scoring system as described below will be used during the Tournament. If Player A wins a shutout, they receive all three points. If Player A wins the match, but Player B wins a game, Player A receives two points and Player B receives zero points. If Player B makes it to the hill before Player A wins the match, Player A receives two points and Player B receives one point.
- Sudden Death is implemented 2 hours and 30 minutes into a Ladies match. The rack must be struck in the third individual match by the 2-hours-and-30-minutes mark, or all subsequent individual matches will begin with a rack worth two team points. If that two-point rack mathematically wins the team match, the team match will be over; if it does not win the team match, a second rack worth one team point will conclude that individual match. This procedure will continue in each subsequent individual match until a team mathematically wins or the overall match finishes in a tie: one two-point rack, followed by a one-point rack if necessary. Tie breakers will be decided by the team that won the most individual matches.

**NOTE: During Ladies Sudden Death, the individual match winner will be the player who wins the two-point rack.**

- Maximum of 5 players allowed on roster.
- Teams may choose any 3 of the 5 team members to participate in each match.
- The total of the skill levels of the 3 players fielded in any team match cannot exceed 13.
- Players participating on a Ladies Division roster, must have at least 10 8-Ball scores within the last year by the entry deadline of July 9, 2018 to be eligible to play in the Tournament.
- Players who do not participate on a Ladies Division roster, must have at least 20 8-Ball scores within the last two years by the entry deadline of July 9, 2018.
- Players must also have played at least four times in the Spring Session in the League area the team represents to be eligible to play in the Tournament. Matches must be in the standard 8-Ball format or on a Ladies Division team.
- Players must also be on an active (Summer Session) APA roster in any 8-Ball format to be eligible to play in the Tournament.
- The maximum number of teams that can enter this Modified Single Elimination Tournament is 256. The size of the board and the breakdown of prize money will be based on the number of entries.
- Each team is limited to one coaching time-out per game. If a player is not at the table shooting, the team members can converse freely without being charged with a coaching timeout.

## Team Captains Championship Supplemental Rules

(In addition to the applicable World Pool Championships Rules and the Showdown Series General Rules For Participation)

- The Tournament Entry Fee is \$150 per team. There is a green fee of \$50 per team.
- It is the responsibility of every player to verify that each opponent has a qualifying Photo ID that positively identifies that player as being the person shown on the scoresheet.
- The applicable "Games Must Win" chart will be provided on the scoresheet.
- A maximum of 5 players allowed on roster.
- Teams may choose any 3 of the 5 team members to participate in each match.
- The total of the skill levels of the 3 players fielded in any team match cannot exceed 15.
- If, after starting the Qualifying Tournament or Championship Tournament at a combined skill level limit of 15, the team improves in skill level to where it can no longer comply with the 15-Rule, then it must play three players whose combined skill levels do not exceed 16, and will use a modified race chart. If, during the Qualifying Tournament or Championship Tournament, a team's skill levels elevate to the point where the skill levels of the lowest three players on the roster exceed 16, then they can

play three players to 17, and will use a modified race chart. If the combined skill levels of the team's three lowest skilled players increases to 18 the team will no longer be qualified to participate in the Tournament and will forfeit the remainder of their matches.

- Only one player of skill level 6 or higher, sometimes referred to as a senior skill level player, may play in any given match.
- If a team has only three players eligible, and two of the three are skill level 6 or higher, one of the senior skill level players must forfeit their spot in the rotation.
- Alternate between 8-Ball & 9-Ball racks, starting with 8-Ball.
- Team Captains flip a coin to decide who must declare their three players for the match first. Winner of the flip has the choice of declaring first or having the opposing Team Captain choose first. The players are listed in ascending order (lowest to highest). That list determines the player rotation, and is locked for the match. Once both teams in a match have declared their players, the players cannot be changed unless the combined skill levels of the three players declared by a team exceed the maximum permitted combined skill level in which case the team will be allowed to declare three different players prior to first rack being struck.
- Order of play will be lowest skill level to highest.
- Players lag to see who wins the first break.
- Once the first two players have completed their rack of 8-Ball, the second two players in the rotation will play a rack of 9-Ball. Upon that rack's completion, the next two players in the rotation will play a rack of 8-Ball. Once set, the player rotation continues until a team reaches the required points necessary to win the match.
- The winning team breaks with the next player in the rotation after each rack.
- Each individual rack is worth one team point.
- It is a loss of game to shoot out of rotation. Although it is sportsmanlike for the non-offending team to remind the other team that they are about to play a player out of rotation, they are not required to do so. However, before any infraction has occurred, the team that has posted a player out of rotation may avoid penalty by asking the non-offending team which player's turn it is in the rotation. In that circumstance, the team must tell them the truth, and the correct player in the rotation will assume their rightful spot in the game. Once the offending team has taken a shot out of rotation, the infraction has occurred, the game is over, and the sitting team will receive one point for the rack. Both teams will then move to the next game in the match, with players in the correct rotation. However, if the game is completed without the non-offending team calling the infraction, and the next rack is broken, the results of previous rack will stand, and the team that shot out of rotation will assume the new rotation for the remainder of the match.
- A player's highest skill level (SL) in this Tournament will be the highest of either the player's skill level in 8-Ball or 9-Ball, unless the player is a SL8 or a SL9 in either format in which case their skill level in this Tournament will be a SL7.
- Players must have at least twenty 8-Ball scores or twenty 9-Ball scores within the last two years by the entry deadline of July 9, 2018. A combination of scores from the two formats is not allowed.
- Players must have completed two sessions as a Team Captain of a standard 8-Ball, 9-Ball, or Ladies team in the 2017/2018 League year in the area the team represents. Ladies-Alternate Divisions with 20 or more matches scheduled for play over the course of the division's qualifying year will be considered equivalent to two sessions of standard 8-Ball, 9-Ball, or Ladies, thus their Team Captains will be eligible. Summer Session in the 2018/2019 League year will also be allowed for this introductory year only. Players must be listed as the captain by June 30, 2018, if using Summer Session.
- Players must have played at least four times in the Spring Session in the League area the team represents in either the standard 8-Ball, or 9-Ball formats or Ladies formats.
- The maximum number of teams that can enter this Modified Single Elimination Tournament is 384. The size of the board and the breakdown of prize money will be based on the number of entries.
- Each team is limited to one coaching time-out per game. If a player is not at the table shooting, the team members can converse freely without being charged with a coaching timeout.

## Jack & Jill Championship Supplemental Rules

(In addition to the applicable World Pool Championships Rules and the Showdown Series General Rules For Participation)

- The Tournament Entry Fee is \$100 per team. There is a green fee of \$20 per team.
- It is the responsibility of every player to verify that each opponent

has a qualifying Photo ID that positively identifies that player as being the person shown on the scoresheet and that identifies the player's gender.

18. All men participating in this Tournament must play at skill level 3 or higher.
19. Matches are played according to an APA Jack & Jill Championship Handicap Race Chart provided at the Tournament.
20. To be eligible to participate in this Tournament each team must consist of one male, and one female, whose Highest Skill Levels, when added together, must equal, or be less than, 10, unless the team won its bid through division play or a qualifying Tournament, in which case the team will be allowed to start this Tournament with a combined skill level of 12 or less. If the team won its bid through a qualifying Tournament, and has a combined skill level of 11 or 12, the qualifying Tournament's bracket must be submitted with the team's entry, or the team will not be eligible. If the team's combined skill level exceeds the maximum, one or both players must be replaced, prior to the Tournament, to reduce the combined skill level to 10 or below. The team members must be from the same League area and must each must have at least 20 8-Ball scores within the two years preceding July 9, 2018 and four scores from 8-Ball matches occurring during the preceding Spring Session of the League from which they qualified. Each team member must be on the roster of at least one active team, playing in the 8-Ball format, in the League area from which they qualified during the Summer Session coinciding with this Tournament.
21. Players alternate shots, not turns. The lag will not count as part of the rotation.
22. It is a foul to shoot out of rotation. Although it is sportsmanlike for the sitting team to remind the shooter that he is about to foul by shooting out of rotation, they are not required to do so. Once the shooter has shot out of rotation, the foul has occurred and the sitting team will receive ball-in-hand if the sitting team calls the foul before another shot is taken. In 8-Ball, if the 8-ball is pocketed during such a shot, the foul results in loss of game; and in 9-Ball, if the 9-ball is pocketed during such a shot, the foul results in ball-in-hand and the 9-ball is spotted. If the sitting team does not call the

foul before the next shot is taken, the sitting team will not receive ball-in-hand, and the team that shot out of rotation will assume the new rotation for the remainder of the match. However, before any foul has occurred, the shooting team may avoid penalty by asking the sitting team which player's turn it is in the rotation. In that circumstance, the sitting team must tell them the truth.

23. If the sitting team concedes a rack before the last ball is pocketed, the winning player's partner will break the next rack.
24. The maximum number of teams that can enter this Modified Single Elimination Tournament is 256. The size of the board and the breakdown of prize money will be based on the number of entries.
25. One coaching time-out per team, per game, is allowed. If team members talk in between shots it will be deemed a coaching time out. However, team members may converse freely when neither is at the table shooting without being charged with a coaching time out. If the sitting team member suggests a time-out to the shooter, the time-out will be charged even if the shooter disagrees with the decision to take the time-out. However, if a shooter requests a time-out and the sitting team member refuses to take the time-out, no time-out will be charged. A player may line up the next shot, prior to making their shot, without being charged with a coaching time out.

19. Sudden Death will be implemented 2 hours and 30 minutes into a match. Each team match must be in the 3rd individual match

by the 2-hours-and-30-minutes mark, or all subsequent matches become a race to two games. The rack must be broke to avoid sudden death.

20. Jump cues will be allowed in this Tournament. It is also permissible to break down a cue or switch cues to make a jump shot.

# Sportsmanship...

## *The Key to a Successful Event*

APA Leagues are about the excitement of competition, but more importantly, they're about fun. We want all of our members who compete in our Championship events to have the experience of a lifetime. An important ingredient in that experience is good sportsmanship among our members. Sportsmanship is the key to the success of weekly APA League play and APA Championship Tournaments.

We realize the level of competition you experience in Vegas will be unlike that in which you may have experienced before. But please don't let your competitive fire overshadow the level of sportsmanship you express to your opponent.

Be sure to introduce yourself to your opponent, provide your ID, shake his hand and wish him luck before a match. If your opponent makes a great shot, don't be shy about telling him so. More importantly, if your opponent makes a bad shot or a mistake during the match, don't openly celebrate his misfortune.

An easy way to exhibit good sportsmanship is by simply putting yourself in your opponent's position. If you were to scratch, or sink the 8-ball out-of-turn, how would you feel if your opponent cheered or clapped? A more appropriate response might be, "Tough break," or simply saying nothing at all. Win or lose, thank your opponent after the match and, once again, shake his hand.

Remember that everyone who qualifies to compete in an APA Championship is already a winner and a champion, so be sure to treat them as such!
